

PolyU Education Info Day 2015

PolyU Education Info Day was successfully held on 10 October 2015 (Saturday) with the great participation of the public especially the secondary school students, teachers and parents. The booth of Department of Land Surveying and Geo-informatics (LSGI) was located at FG podium with the demonstration of GPS and laser scanning equipment.

Our academic staff, representatives of the professional institutions, which accredited our programmes and the current students joined hands to promote our programmes and provide valuable career and study advice to the visitors.

Moreover, two sessions of information seminar in the topic of “The New Geomatics: Satellites, Google and Wifi Shopping” and three sessions of laboratory tour were held on that day in order to provide a great opportunity for visitors to have a new perspective on our department and programmes provided.

If you are interested in learning more about our BSc and HD programmes, please visit for more information.

Bachelor of Science (Honours) in Geomatics
