

# FUTURE STAR

## 奥雅纳招聘

### Graduate or Assistant Consultant, Advisory Services

#### Job overview

Arup China is seeking motivated individuals to join its Advisory Services cluster. Our clients including new economy companies developing self-use premises, statutory bodies for new precinct development etc. As a key member of the cluster, the candidate will develop its career as a trusted advisor of clients by supporting them in making strategic decisions at the early stage of precinct/building development projects and guiding downstream design works. A combination of breadth of knowledge, capabilities in research/interviews and grit in finding solutions for loosely defined problems will allow the candidate to excel in this position.

#### Role

Engage clients and clarify their goals and issues to be tackled.

Conduct desktop research on international best practices, relevant regulations and latest trends.

Conduct market research with open data and via interviews.

Analyse clients' issues and formulate solutions.

Prepare documents (slide shows and reports) to explain the methodology, findings and recommendations in highly presentable formats.

Develop new capabilities and service offering with senior colleagues with his/her specialised skills.

#### Requirements

##### Qualifications

- Candidates with the following professional backgrounds will be preferred: real estate/surveying/land economy, urban planning, business administration, project management.
- Full-time or internship experience in providing consultancy services for property, precinct and/or infrastructure development.
- Degree holders working toward at least one relevant professional qualification (local or overseas)

##### Experience

- Exposure to at least two of the following topics:
  - 1.Strategic planning (cities or corporate)
  - 2.Macro-economics/economic development strategies
  - 3.Project finance
  - 4.Digital transformation and innovation
  - 5.Data analytics
  - 6.Sustainable and resilient development
- Proficiency in both English and Mandarin Chinese (writing and speaking).
- Research ability and exploratory mindset.
- Interest in societal and industrial news beyond work.
- Having lived outside his/her native country for at least one year (or demonstrating equivalent cross-cultural exposure).
