

LSGI Distinguished Lecture Series

“Recent Progress on Indoor Mobile Mapping Systems and Their Applications”

Overview

It was our pleasure to invite Prof. Kai-Wei Chiang, Professor and Chair of the Department of Geomatics at National Cheng Kung University, to deliver a seminar of the LSGI Distinguished Lecture Series on 24 February 2017.

Prof. CHIANG has presented his research on the recent progress on indoor mobile mapping systems and their applications.

Prof. Kai-Wei Chiang

Education

- Bachelor's degree, Surveying Engineering, National Cheng Kung University, 1995
- Master's degree, Surveying Engineering, National Cheng Kung University, 1997
- Doctor of Philosophy (PhD), Geomatics Engineering, University of Calgary, 2004
