**LSGI Students received RICS GPG Survey Camp Award**

The prize presentation of the RICS GPG Survey Camp Award was successfully held in December 2014 and 24 LSGI students attended the Ceremony to obtain the awards. This annual award is presented by Geomatics Professional Group (GPG) of the Royal Institution of Chartered Surveyors (RICS) and it has been set up for 3 years in order to establish a good bridge between the professional bodies and the Department.

Survey camp is held by LSGI every summer for both BSc and HD students to practice their surveying skills and the RICS GPG assess the best performance group in each summer survey camp in early May. After the assessment, RICS would present an award to the best groups as an encouragement to the students.

Congratulations to the Awardees!
